Story

Everyone has to fart sometimes!

All humans have to fart - animals too? Yes, and not only that: in the animal kingdom, farts are far more than just hot air! Funny, exciting and guaranteed odour-free, this book shows who uses farting to communicate, whose farts smell like popcorn, who has never let a breath of air escape and for whom defecating can even be life-threatening! So flip it open and discover!

- **Farting and animals:** two unbeatable top themes for children!
- **Humorous, fascinating** and guaranteed disgust-free!
- With exciting **expert knowledge:** Author is a biologist
- **Picture book** for children aged 4 and over

- With lots of **incredible, crazy and interesting facts** about animal flatulence
- Charming and **large-format illustrations** with great details to discover

Johanna Prinz

Johanna Prinz holds a doctorate in biology. She used to be a primate researcher at the zoo, managed the education section of a large natural history museum and then a national park house on the Wadden Sea. Today she is a copywriter for nature topics and a children's book author. Sometimes she picks up earthworms from the street.
