Fate is not a game...

What happens in the finale of the duology:

Kiera still can't believe she really has divine blood in her veins. But she knows she can't escape her destiny, and that she has to turn against her father. It seems that he will stop at nothing, not even the most terrible cruelty, in his quest to seize power over the fate of the world.

This second book in the series features a gripping storyline with divine dangers, shocking cliff-hangers, and electrifying love scenes. Its protagonist Kiera must make a difficult decision: should she follow her destiny, even if it means losing the love of her life?
